BLUEROOT SYSTEMS

Your Week at a Glance

Know your week in 30 seconds

One page on your phone. Your four most important numbers.

Technology consulting for small business & non-profits • bluerootsystems.com

You run the shop. The numbers run you.

- "How was last week?" Four logins to find out.
- A missed call on Tuesday, found on Friday.
- A review sits unanswered for weeks.

The fix: one page that brings it all together.
